URBACT III OPERATIONAL PROGRAMME 2014 – 2020

ANNEX 3 – TEMPLATE LETTER OF COMMITMENT FOR PROJECT PARTNER

URBACT III Managing Authority
20, Avenue de Ségur
TSA 10717
75334 Paris Cedex 07
France

Dear Madam, Sir,

The city of Novska confirms its commitment to be the Project Partner in the activities of the URBACT *Transfer Network* proposal entitled **Tech Revolution 2.0**.

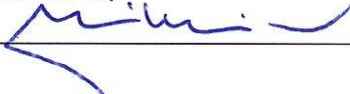

The Good Practice to be adapted and re-used in this *Transfer Network* comprises 2 main pillars: i) Enterprising Barnsley - an award winning business support programme, and ii) the Digital Media Centre (DMC) - a landmark hub for creative and digital business in the town centre, developed over 12 years, to grow Barnsley's digital economy and create more higher value jobs in the creative, tech and digital sectors in particular.

This is particularly relevant to our city as in 2016, Novska, in collaboration with SIMORA and Sisak Moslavina County have started the Initiative SMC – Center of gaming industry, in answer to poor economic situation in the region.

Our ambition is to continue to grow our local gaming ecosystem and we are convinced that by working through this URBACT network, we will be able to improve the implementation of our policy challenge. In this context, if the proposal is approved within the framework of the URBACT III Programme, we will actively participate in the network activities, take on roles and undertake activities as indicated in the application form work plan. More especially, we commit to participate in the transnational meetings planned and to work with key stakeholders in an URBACT Local Group to co-produce the agreed outputs. To this end we also formally commit to engaging the funds needed to co-finance ERDF. The details of this contribution are outlined within the application.

Yours sincerely

MARIN PILETIĆ
